## 65043 AUBUSSON BED SHAM

This luxurious bedding is woven of the finest chenille, and influenced by the traditional French Aubusson tapestries of the 17th and 18th centuries. Interlocking cotton threads of camel, gold, rose and sage give this set the richness of European art. The back of the coverlet (sold separately) is the beautiful inverse of the design on the top and the shams are reversible with hidden zippers. Brush fringe frames the standard sham and gold cord encircles the Euro sham (sold separately).
